16. REMARKS The Contractor provides operational support services that includes, but is not limited to, Data Backups and Recovery, Data Archiving, Routine Database Audits and Maintenance, Log Retrieval and Audits, Purging of Records, Network Address Administration, and Domain Name Server (internal). Data back up frequencies and data retention periods are specified for DON (paragraph 3.1.22 of the SOO (Retention of DON Electronic Records). Contractor includes this data as a monthly report to the Government. The Contractor will also provide a monthly report of the successful back ups performed divided by the number of back ups scheduled per server farm, concurrent with the SLA EOM report.
